

SIMON CRIADO

FRONTEND WEB DEVELOPER

PROFILE

I finished an intensive coding bootcamp in 2019 and since then I have worked on various projects and websites. I am looking for a professional position to strengthen my programming skills and continue learning. I am an adventurous person, and through my previous experiences I learnt how to work in a team and deal with challenging situations.

WORK EXPERIENCE

PRODUCT MANAGER / TECHNICAL SUPPORT

BHAASHA SARL | DECEMBER 2019 - FEBRUARY 2022

Bhaasha is a social initiative created in the wake of massive immigration to Europe, allowing medical professionals and social workers to communicate with travelers and refugees by connecting to a local network of qualified interpreters.

- Training of new users, interpreters and admin teams on how to use the Bhaasha technology.
- Structuring the special needs for existing and new users.
- Support for interpreters, users and admin teams.
